Lakehead Amateur Radio Club, Inc.
Attn - Terry Stewardson
PO Box 2571
Thunder Bay, Ontario

July 29, 1994

Dear Terry,

Thankyou for the invitation to Hamfest'94. I have yet to decide whether I will attend any part of the event. I found the itinerary sheet quite helpful.

However, I found it even more interesting that an advertisement from Garantennas accompanied the club material. Seeing as the owner/operator of Garantennas is the LARC treasurer this is a blatant case of "conflict of interest". As Garantennas deals directly with amateur radio products it has no business promoting itself through the club when the proprietor is the LARC treasurer. I totally appalled that such an incident was allowed to happen and request the resignations of those responsible; namely Larry "Skip" Wright and anyone else who knew of the incident. It would be the only acceptable action to take if the LARC is to have any further credibility with the club members.

Believe me when I say that the credibility of the LARC is stake as I have discussed this with numerous members and consider this action as quite an inappropriate conduct on their part. As a matter of fact, I have heard of and seen many "questionable" decisions made by members of the LARC executive of which I will not go into detail at this time. I feel, as I have been told by a LARC executive member, that once the executive has been voted in they run the show regardless of what the members think. This is totally unacceptable and will do everything in my power as a member to make the executive accountable for their actions.

If no further action is taken then I shall be forced to make the above incident known to the provincial government officials and request an independent audit thus jeopardizing the LARC incorporation status. Unless of course the papertrail has been cleverly manipulated which is not beyond the realm of possibility.

I am also requesting a written response as to the action the LARC executive will be taking to rectify this situation.

Thank you,

Glenn C Anderson
LARC member
